1 Commission types

All services on offer refer to custom-made digital works of art. Standard pricing accounts for a clean or lined piece of a single character, with little to no visible construction lines, appropriately coloured or toned to match the subject and fully shaded, considering a single light source (see '4. Add-ons' for other options) and with a simple solid or abstract background. All artworks will be delivered in digital format.

1.1 Headshot

'Headshot', often referred to as 'bust-up', refers to drawings that focus on the character's face, framed from the shoulders.

1.2 Half-body

'Half-body' refers to drawings that feature characters from their heads down to their hips or waist, showing the torso and facial expressions.

1.3 Fullbody

'Fullbody' refers to drawings that feature characters fully drawn from their head to their toes.

2 How the commission process works

2.1 Communication

Communication regarding any and all commissions must take place through a single channel.

VGen: <https://vgen.co/jakkart> (preferred)

Discord: jakkpays

Instagram: jakkdoesart ([instagram.com/jakkdoesart](https://www.instagram.com/jakkdoesart))

Ko-fi: kakk (ko-fi.com/jakk)

2.2 Inquiry

Contact me with a clear description of your commission, along with any and all relevant visual references, as well as other information that will help me understand your request. I reserve the right to decline commissions with insufficient reference material. Inquiries should be made, preferably, through VGen (<https://vgen.co/jakkart>), or through any of the contact methods listed above (see '2.1 Communication')

2.3 Quote & agreement

I'll review your request, discuss the details, and provide a quote. After we've agreed on the price, turnaround time, and other details, I'll send payment instructions.

2.4 Initial payment

A 50% upfront* payment is required before I begin work on your commission.

**rounded upwards when necessary.*

2.5 Sketch Approval

I'll send you the initial sketch for approval. This is the stage where major revisions should be requested. Once the sketch is approved, I'll proceed with rendering the artwork. Note that, after approval, any significant changes to the composition, pose, character design, or lighting may incur additional fees.

2.6 Process

You can request updates during the process, which I will gladly give. I will not share WIPs after the sketch has been approved unless absolutely necessary.

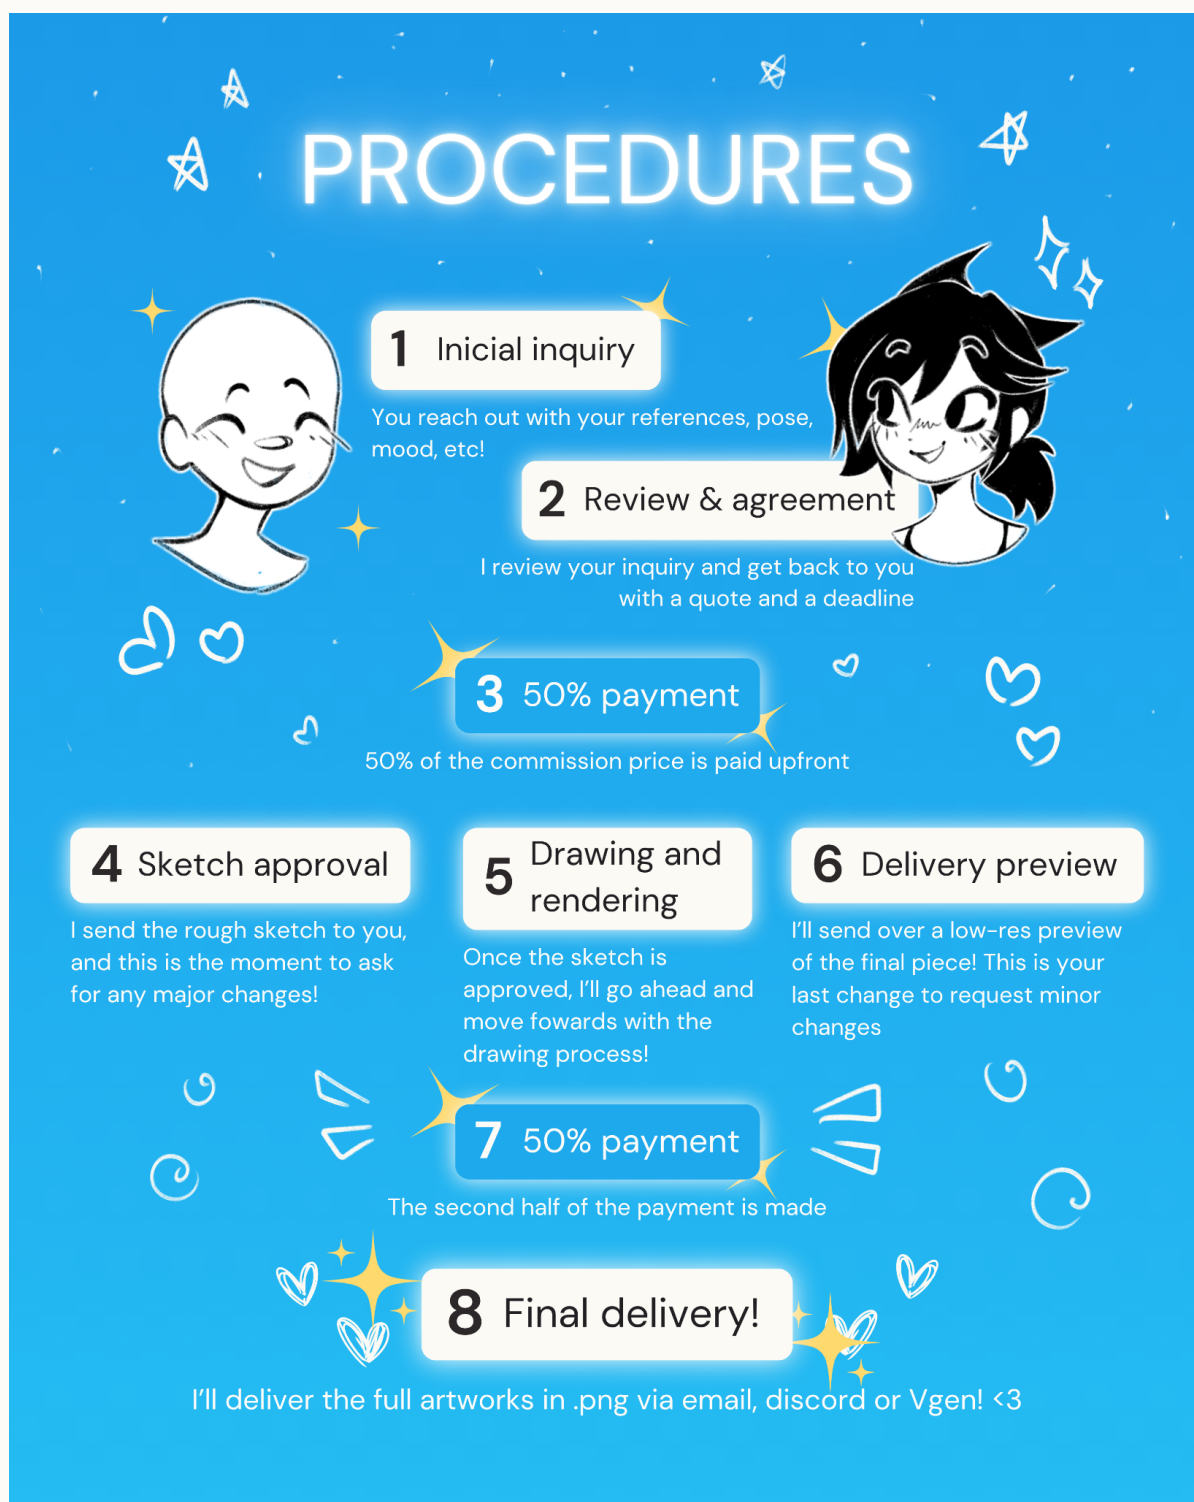

2.7 Final payment and delivery

Once the artwork is finished, I'll share a low-resolution and watermarked preview for final confirmation. If you approve the piece, you must make the remaining 50% of the payment and, after it's been received, I'll deliver the completed artwork via email as a high-resolution .png or .jpeg file, depending on your preference.

2.8 Revisions

You can request up to 2 additional revisions after the delivery of the final piece.

These revisions must stand to reason, meaning you cannot request any major changes in composition, posing, lighting or design. Any major revisions will result in additional fees.

3 Pricing and payment

3.1 Pricing

Below are the **base** prices for each commission type, meaning they are starting prices. Note that these prices may increase according to the complexity of the artwork and additional *add-ons* (see "5 Add-ons"). The preferred currency is United States

Dollars (**USD**), though I will accept payments in Brazilian Reais (BRL) at the equivalent value based on the exchange rate provided by Google Finance at the time the order is confirmed.

3.1.1 Headshots: starting at **15 USD**

3.1.2 Half-bodies: starting at **25 USD**

3.1.3 Fullbodies: starting at **35 USD**

3.2 Payment

Preferably, orders should be made and processed through VGen, but I will also accept Ko-Fi and PayPal. A portion of the payment must be made upfront, while the remaining balance will only be paid upon delivery.

If for any reason you change your mind before I start working on the piece, I will issue a full refund. If I have already started working, I will issue a partial refund of up to 80%. Once the sketch has been approved, refunds are granted at my discretion and are based on the amount of work completed, up to a maximum of 75% of the total commission price. If the drawing is already finished but not yet delivered, no refund will be issued and the drawing will be delivered.

4 Turnaround & Deadlines

Below are the estimated turnaround times (ETT) for each commission type. Please note that these ETTs may increase or decrease depending on the complexity of the artwork. The turnaround period begins within one business day after the initial payment has been confirmed. Note that these aren't the minimum time required for the artwork to be completed, but rather the **maximum** time.

4.1 Headshots: up to **4 weeks**

4.2 Half-bodies: up to **5 weeks**

4.3 Fullbodies: up to **8 weeks**

4.4 Extensions

If, for any reason, I require an extension to the deadline, I am responsible for communicating that to you so we may agree on a new deadline. If for any reason the extended time goes over 50% of the original ETT, I will apply a discount of USD \$2 for each additional day beyond that point, deducted from the second half of the payment. The total discount cannot exceed the outstanding balance.

5 Add-ons

5.1 Additional characters

Price: +85% / ETT: +80%*

5.2 Highly detailed and complex designs

Price: +25% / ETT: +20%*

Includes intricate tattoos, detailed props, scales, chainmail, and other such features that require extra attention and time to draw.

5.3 Pets

Small: Price: +20% / ETT: +20%* (ex.: *bugs, mice, etc.*)

Medium: Price: +30% / ETT: +30%* (ex.: *lapdogs, cats, toads, etc.*)

5.4 Featherless wings

Price: +25% / ETT: +20%*

5.5 Feathered wings or mermaid tails

Price: +35% / ETT: +40%*

5.6 Complex shading and/or simple ambients

Price: +50% / ETT: +50%*

5.7 Backgrounds

Price: +50% / ETT: +50%*

NOTE: 'Background' here does not refer to full *scenes*, but to slightly more detailed backgrounds. See examples below (**Figures 1a and 1b**).

5.8 Furrries (see section 6.3)

Price: +50% / ETT: +50%*

NOTE: Increase in price for 'furrries' and anthros is due to the extra effort and time required to draw fur, scales, muzzles, ears, tails, and other animalistic features.

6 What I will and won't draw

When in doubt, feel free to contact me!

6.1 Will draw

- Humanoid (or mostly humanoid) characters, including, but not limited to: humans, elves, tieflings, halflings, orcs, fairies, mermaids;
- Anthropomorphic characters with exceptions;
- Your OCs;
- Fanart of popular characters from established media;
- Art of other artists' characters, as long as I am able to verify there is express permission from the original owner;
- Slightly suggestive content (such as pin-ups).

6.2 Won't draw

- NSFW of any kind;
- Mecha;
- Animals (unless it's a pet for another character, and the focus is on the character, not the pet).

6.3 About furies and anthros

If you've never seen a 'Furry Scale', look it up. I will not draw any characters in categories 3 and above. I will only draw characters from categories 1 and 2. Characters from category 1 DO NOT require the 'Furry' add-on, but characters from category 2 do.
